FALL 2023

Presenting a selection of our most favorite bags,  
all dipped in deep hues inspired by the  
enchanted Fall in Tuscany.

Chocolate and Bosco is a combination that captures the essence of the changing fall landscape. It evokes the beautiful shades and colors that covers the Tuscan countryside during this season.

What makes this collection even more special is that each piece is produced in a limited number. Once they're gone, they're gone for good. So, this is a first-come, first-served opportunity.

With Love,  
Team YK

## FILIPPO WORK BAG IN VITELLO - SMOOTH LEATHER

We scaled down our well-loved Large Filippo model to create the Filippo Work – a practical bag that you can effortlessly carry from nine to five, and beyond. While the bag's pliable outer exterior is made from smooth, Italian leather, inside it's lined with ultra-soft microfiber suede (there's also a convenient pocket for your belongings).

To close, simply tie the two slender straps at the top of the bag.

About

YVONNE KONÉ is a Copenhagen-based fine accessories brand started in 2011 by award-winning designer Yvonne Koné. For over a decade, Yvonne has nurtured relationships with the artisan families and factories that make our leather bags and shoes. Every piece is carefully handmade in small batches in Tuscany, by people we know personally, from high quality, locally-sourced leather.

They are investment pieces that celebrate traditional craftsmanship and blend exquisite details with Scandinavian simplicity, and a playful approach to color that nods to Koné's roots. We do not follow trends; instead, we focus on making refined classics with pared-back aesthetics and enduring appeal produced in limited edition colors.

YVONNE KONÉ is sold in selected Nordstrom shops, at Shopbop, and at the flagship store at Store Strandstræde in Copenhagen.
