About

YVONNE KONÉ is a Copenhagen-based fine accessories brand started in 2011 by award-winning designer Yvonne Koné. For over a decade, Yvonne has nurtured relationships with the artisan families and factories that make our leather bags and shoes. Every piece is carefully handmade in small batches in Tuscany, by people we know personally, from high quality, locally-sourced leather.

They are investment pieces that celebrate traditional craftsmanship and blend exquisite details with Scandinavian simplicity, and a playful approach to color that nods to Koné's roots. We do not follow trends; instead, we focus on making refined classics with pared-back aesthetics and enduring appeal produced in limited edition colors.

YVONNE KONÉ is sold in selected Nordstrom shops, at Shopbop, and at the flagship store at Store Strandstræde in Copenhagen.
